Re:

Dear John:

As required by the Subcontracts Article of subject contract, we are requesting your written approval for the placing of a subcontract with Soroban Engineering, Inc. for the purchase of Paper Tape Perforators. The unit designation is LP-2.

The subcontract will amount to about \$42,000.00 as follows:

Ten (10) each units @	\$4,050.00	=	\$40,500.00
Non-recurring		=	<u>1,200.00</u>
			<u>\$41,700.00</u>

Other sources solicited include:

Friden	-	No bid
IBM	-	No bid
Teletype	-	No bid
Digitronics	-	No bid
Royal McBee	-	No response at this date
Tally	-	Quote. See next paragraph

A quote from Tally indicated that a unit has just come available which appears to fill the requirements. However, this Tally unit is larger, has not gone through qualification test, and being a recent unit on the market was unknown to our design engineers who therefore have pointed the design to date to accommodate a unit of the Soroban type. As such, we recommend the Soroban Unit.

This information was discussed with you by telephone on January 23, 1964 at which time your oral concurrence was received.

Very truly yours,

J/s
